LPF0001 DOORS & WINDOWS

Gun version

Application

when purchasing a case of 12

Doors

Windows

High quality one-component PU foam which solidifies on contact with humidity, specially developed for insulation, caulking and filling of joints, cracks, openings and cavities.

LPF0004 SEASONS

One-component premium PU foam that hardens when purchasing a case of 12 on contact with humidity. It stands out for its low expansion coefficient and has been specially designed to guarantee optimal performance, whether at extremely low and high temperatures.
