BEYOND THE GRAIN

WALTER Ceramic Solutions

Ceramic grains provide longer life, higher removal rates, and improve comfort for operators. At WALTER we have developed exclusive technologies that go BEYOND THE GRAIN to further maximize life resulting in the longest lasting and most productive ceramic solutions available today!

SMART RESINTM TECHNOLOGY

WALTER's exclusive SMART RESINTM technology exposes fresh ceramic grains at the optimal time to achieve the most productive balance between sharpness & life in your application.

ZIPTM XX

Ceramic cut-off wheel with exceptional life and faster cuts delivers at least 30% more cuts than competitive ceramic wheels.

XCAVATOR XXTM

100% ceramic grinding wheel for fast and comfortable removal in any heavy duty applications.

WALTER's exclusive V-STRONGTM backing technology improves durability for the most demanding applications. With more vulcanized fiber than the competition, WALTER ceramic sanding discs last longer.

XTRACUTTM

Self-sharpening ceramic grains for consistent removal and long life. Ideal for applications where speed is the primary goal.

COOLCUT XXTM

Ceramic to remove more material faster while leaving a consistent surface finish. Choose when finish is paramount.

WALTER's exclusive MAX LIFETM cold curing glue ensures the freshest grains possible by eliminating the need to apply heat during the manufacturing process, avoiding micro-cracking and drying out, improving consistency and maximizing disc life.

ENDURO-FLEX TURBOTM

Ceramic flap disc delivers the fastest removal rate on the market while delivering a paint-ready finish. Now with +25% more life!

Scan this code to learn more about the Walter product range.
